Are there any black people mentioned in the Bible

A person's skin color is rarely mentioned in the Bible; the color of one's skin is meaningless to the basic message of the Bible. The vast majority of the Bible's narrative takes place in the Middle East, in and around Israel. Neither black nor white people are common in these regions. The majority of people in the Bible are Semitic and would have been light to dark brown in complexion. Ultimately, it does not matter what skin color the people in the Bible had.
