assessment, interagency policy collaboration and coordination.

[Early Identification and the Child Find Program | Special ...](#)

Not all states will call it early intervention or EI, but states generally use similar terms meaning early identification and service for children with disabilities. While certain elements of EI remain consistent between the states, parents and educators should contact their state's education agency to learn about state-specific policies and procedures.

[IN Early Identification/Early Intervention - UNICEF](#)

Early identification refers to the recognition of problems at their earliest stages, through observing children's behaviour as early as possible and providing an exact diagnosis at that point. Early identification is concerned with two main issues: (i) Prevention: Acting on the factors that determine problem outcomes.
