Introduction. The conservation of biodiversity remains one of the greatest challenges facing the modern world. This was recognised in the European Directive 43 of 21 May 1992 (92/43/EEC) on the conservation of natural habitats and wild fauna and flora (Council of Europe, 1992).

[Evaluation and mapping of the conservation significance of ...](#)

To ensure the long-term future of NATURA 2000 sites across Europe, effective techniques are required for evaluating and monitoring their conservation significance. What is the difference between assessment and evaluation?

Assessment is the process of objectively understanding the state or condition of a thing, by observation and measurement. Assessment of teaching means taking a measure of its effectiveness. Formative assessment is measurement for the purpose of improving it. Summative assessment is what we normally call evaluation.
