Department of Second Language Studies

For the 6th year running, BA and MA students from the SLS department are volunteering to assist English Language specialists at Wai alae Elementary School in supporting K-5 English language learners.

Neurolinguistics - Wikipedia

Interaction with other fields. Neurolinguistics is closely related to the field of psycholinguistics, which seeks to elucidate the cognitive mechanisms of language by employing the traditional techniques of experimental psychology; today, psycholinguistic and neurolinguistic theories often inform one another, and there is much collaboration.
