[Ratemaking in International Air Transport - A Legal ...](#)

Ratemaking in international air transport is a matter of vital importance for airlines, consumers and Governments. For airlines, because the level of international air fares and rates forms one of the bases of their profit-making ability. For consumers, because that level determines whether they can

P. P. C. Haanappel, [Ratemaking in International Air Transport](#)

Almost all major scheduled international air carriers belong to it. Of the total of 31.670 million tonne-kilometres performed in scheduled international air services in 1973, 29.689 million, or approximately ninety-four percent, were performed on the flights of IATA airlines.

[Ratemaking in International Air Transport | Springer for ...](#)

International charter air fares and rates are by and large set by the free forces of the marketplace, and compete with scheduled international (IATA) air fares and rates. This book studies both scheduled and charter international air fares and rates. It examines the role of airlines, airline associations and Governments in the international ratemaking process. Furthermore, it analyses the competitive relationship between charter and scheduled international air fares and rates.
